THE GRADUATING CLASS OF BRIDGETON HIGH SCHOOL

BRIDGETON, NEW JERSEY

TO RADIO

Science has produced for us almost everything that is necessary to the happiness of mankind. It has relieved the drudgery of the housewife, made the prevention of disease more certain, and made distant lands more accessible. In all it has helped to make life more enjoyable and pleasant.

One of the most important things that science has given us is the radio. This harnessing of the ether waves for our many requirements was a major step in the conquering of our environment.

In 1873 radio was mathematically forecast by James Clark Maxwell in his "Electricity and Magnetism." In 1887 Heinrich Hertz, a German professor, succeeded in sending an electrical impulse across his laboratory and receiving it in an open metallic ring. In 1896 Marconi patented a device which was similar, with a few additions, to that of Hertz. In 1897 Marconi in England sent and received signals over a distance of four miles by means of this improved device. In 1898 Marconi had established wireless communication across the English Channel and the larger steamship companies installed wireless sets on their ships which averted many disasters. A great many people worked and improved this invention until in 1920 the radio industry began.

Station KDKA in Pittsburg broadcast the results of the Harding-Cox Presidential election as the first program. This new method of communication struck the civilized world in an unprecedented way. People of every age and station in life demanded information and instruction on the building of receiving sets. Radio factories sprang into existence almost over night and the public became more radio conscious than ever. More improvements were made and then the thrill of getting distant reception kept listeners up most of the night.

At the present time programs are used as a medium of advertising but the public demands a good program to support the advertising and so by a turn of the dial one may hear opera, drama, concerts, humor, and educational topics at any time. Many concert and screen stars have found a new future through the medium of radio.

It is impossible to measure the influence which this invention has had upon our life of today. It has brought us recreation, it has brought us education in many fields, and, perhaps most important of all, it has brought us nearer other continents, thus creating a closer bond of civilization.

DEDICATION

MISS VIRGINIA M. TREWIN

We are dedicating the "Baconian" to our adviser, Miss Virginia M. Trewin. In our past four years, her unfailing cooperation and understanding guidance have ever been a source of helpfulness to us.

Miss Trewin, who teaches typing and shorthand, became a member of the Commercial Department of Bridgeton High School in 1924. She is a graduate of Trenton State Teachers' College.

She is a very active person and has many interests. Being fond of travel, she has taken several worthwhile trips in the United States, in one of which she spent some time in our southern states. She has also visited Canada.

Miss Trewin is a native of Bridgeton and lives at 244 Fayette Street. In all our class activities, she has been an untiring worker, and we feel that we are indeed fortunate in having her as our adviser.

A TRIBUTE TO MISS ESTHER BACON

The origin of many of the school activities which mean so much to Bridgeton High School may be traced to the inspiration and guidance of Miss Esther Bacon. In 1919, Miss Bacon came to the Bridgeton High School as a classroom teacher. The following year she became supervisor of English, which position she held until her death on commencement night in June, 1929.

There are many people who can inspire others to action and there are many people who can organize, manage, and direct after others have been inspired. Not so many people, however, can both inspire and manage. Miss Bacon was one of those rare individuals who could see a vision and who possessed the practical ability to make the vision a reality.

When Miss Bacon joined the high school faculty, there were few school activities other than athletics. Under her leadership, debating and the school newspaper were started and the work in dramatics extended and broadened. Miss Bacon was also assigned to take charge of the yearbook and plan for and rehearse the annual commencement.

When Miss Bacon first came to Bridgeton, there was no school library nor trained librarian. Recognizing the need for one and realizing it would be impossible to employ a trained librarian, she was instrumental in securing a room for a library and in organizing a staff of student librarians to conduct it. In recognition of this service, her friends dedicated a tablet to her honor, which may be seen in the present library. Not only did she exert an influence in promoting student activities, but also in modernizing the educational methods of our schools. There have been few individuals in the history of the Bridgeton schools who have so many constructive achievements to their credit.

It was because Miss Esther Bacon originated and developed so many of the finest things in our schools that we perpetuate her memory by calling our yearbook the "Baconian."

ALMA MATER

In the southern end of Jersey There's a quaint old-fashioned town, With its classic halls of learning That have won it great renown.

Chorus:

Alma Mater, Alma Mater
The school we love the best;
May thy colors ever lead us
And proudly wave from shore to shore,
Then to thee a cheer we'll render,
Bridgeton High, forevermore;
Then to thee a cheer we'll render,
Bridgeton High, forevermore.

On the field and in the classroom, True thy sons will ever be, That thy fame may stand unblemished Through the years of history.

To thy name there will be glory, When our task for thee is done For Maroon and White has led us In the contests that we've won.

> Words by Mr. Harry C. Smalley Music by Mrs. Kate Ashman Schneider

CLASS SONG

I

Four years behind us have passed as a shadow,
Four years—in each was a goal well worth the striving,
Four years—preparing for what lies before us,
Let us retain all the memories we hold.
We pledge ourselves to thy service forever—
True to thy hopes and thy faith we will be,
Lusty and strong in this last hour together,
Class of '38, unto thee now we sing.

II

Now as we stand in the door to the future Gazing afar to the misty unknown, A road, shining clear, unfolds now before us, The road we must follow, the highway of Life. Onward and upward our path let us follow Till at the last we attain our true aim, Lusty and strong in this last hour together, Class of '38, unto thee now we sing.

Words by Christine Reeves Music by Josephine Howell

B.H.S.NEWS REPORTER BROADCASTS EVENTS OF FIRST THREE YEARS

This is your friendly, family station, WBHS, broadcasting from Bridgeton High School, Bridgeton, New Jersey. You have just been listening to the orchestra playing "Veni, Veni", one of 1937's top tunes.

Immediately after the next number, which will be "Isle of Capri", a hit tune of 1934, your B. H. S. news reporter will bring you the highlights of the graduating class's past three years in high school

Hello, everybody. Many events of these past three years stand out clearly in the minds of the senior class. No senior will ever forget that day of all days when he walked timidly past the unfamiliar portals of B. H. S. and was directed to the elevator by a grinning upper-classman. In a few days the newcomers accustomed themselves to the routine and settled down to work. First, there was the organization of the class Officers were elected and Miss Trewin, their class adviser, was introduced to them. Then the term, class adviser, meant very little but since then it has come to mean very much through Miss Trewin.

The freshman Hallowe'en party was the first class party. A few tried out the dancing they had been practicing at Souder's for many weeks; while others played games or watched the whirling dancers with envious eyes. The freshman class was always well represented at the football and hockey games and they cheered lustily for their team. The season was an unlucky one for Bridgeton in that both the bockey and football teams lost most of their games. The Millville football game was easily the most thrilling of the year. Neither team scored until the last quarter when Millville finally broke through Bridgeton's strong defense to score two touchdowns. Weeks slipped by unnoticed, then the freshmen, no longer timid, but self-assured, had their first taste of midyear exams and unanimously agreed that they should be listed under "Things We Can Do Without". "Tiger House", the Dramatic Club presentation of the year, next loomed large on the horizon. The class of '38 was represented here by the leading lady, Lucille Schrank, while the rest chilled and thrilled at this eerie mystery. The basketball season was somewhat more successful than either the football or hockey season had been. Still, Bridgeton was again the loser and the freshmen on the bench longed eagerly for the time when they could play for their Alma Mater. Time passed, as time will, and spring

came, bringing with it visions of vacation and the Fashion Show when the girls had the opportunity to display their skill in sewing before their friends and relatives. Next, the Student Council party, that last grand frolic of the year, and then, glorious freedom for two whole months, and for me, a short rest while the orchestra plays "The Music Goes 'Round and 'Round." the hit tune of 1935, after which I'll be back with more highlights from the sophomore year of the class of '38

You have heard the selection, "The Music Goes 'Round and 'Round", and here is your B. H. S. news reporter with interesting news, odd news, exclusive news.

In the fall of '35, the sophomore class returned to the familiar halls of good old B. H. S. to perpetrate their own jokes on the unsuspecting freshmen. Although it was the same well-known school, there were many new additions. For one, B. H. S. was now the proud possessor of a school paper, "The Bridgeton High Echo". In former years there had been a school paper, "The Maroon and White" but that had died a natural death some years ago and the "Echo" was an entirely new establishment. The venture was successful and it is now an institution of the school. There were seven new teach ers, too, Miss Borton, the librarian; Miss Loder, an English teacher; Miss Lupton and Miss Whittaker, commercial teachers; Miss Temperton, a mathematics teacher; Mrs. Burnett, a gym instructor; and Mr. Kuhn, a history teacher.

The band was entirely reorganized by Mr. Kuhn and is now also an indispensible part of the school. The football season was a successful one this year with six wins, one tie, and three losses. One of these winning games was the one with Millville, in which one of our arch rivals was mowed down, leaving only Vineland and Collingswood yet to be beaten another year. This was one of those tie seasons for the hockey team as they tied four out of nine games. At the end of the season, the hockey and football teams were feted at a banquet and dance. The food was excellent, the toasts interesting and a good time was had by all who attended. Time rolled on to the date of the sophomore party. The cafeteria was gaily decorated in Christmas greens with a huge, glittering Christmas tree in the center. The evening was passed in lancage and the grin crowd made good use of the excellent

orchestra. The vacation, one short week of merry-making, left the happy sophomores almost too tired to return to school. In basketball season the boys copped fourth place in the league but the girls did not have as good luck, losing the majority of their games. Swiftly time passes, and spring returns. Again the girls shine in the Fashion Show as they display their housewifely arts. The tennis teams leaped into prominence in '36 and demanded attention. The boys broke about even with six triumphs and only five losses, while the girls only won two games and lost five. At last came the Student Council party and again another year has been successfully completed. As for me, I shall return after the next number.

That was "The Lullaby of Broadway", a favorite tune in 1936, and once again your B. H. S. news reporter is here, bringing you the highlights of the junior year of the class of '38.

Let us go back to the halls of Bridgeton High School and visualize them as they were in the fall of '36. The junior class returned to find few changes. One of these was the formation of the Athletic Association for better support of athletics in B. H. S. At present this association is a very large and active one, claiming a membership of over half the school. Early in the year, the question of class rings arose. After a long and arduous campaign, a standard ring was decided upon by the students. The school annual was also given a standard name, that of "The Baconian", in memory of Miss Esther Bacon, a former teacher of B. H. S., who died in the service of the school and to whom we owe many of our present institutions. Mr. Edwin Lowden took the place of Mr. Guest, the football coach, who moved to Red Bank. Mr. Rex Bowen was also added to the faculty as a history teacher and assistant football coach. After the first few weeks, things slipped smoothly on through a successful hockey and football season. The Collingswood game was most thrilling as the Garnets battled to hold the Colis to their meager one touchdown lead. In the Vineland game, the crowd rose to their feet as Vineland crossed the chalk-line in the last five minutes of the game to make the score 13-7. The hockey team took second place in the league after completing one of its most successful seasons in the history of the school A new commercial club was organized under the name, Chamber of Commerce of Bridge-ton High School. The object of the club is

to arouse interest in commercial subjects and to raise the scholastic standards of the students in the department. The Boys' Glee Club was formed with a membership of eighteen boys. This year the Junior Red Cross was organized in the high school. After the drive, there was one hundred per cent membership throughout the school. A council was formed consisting of one member from each homeroom and the adviser, Mrs. Letts. This council attends to the work of the organization. With all these activities, new and old time passed quickly and Christmas vacation came and went with unwelcome rapidity The basketball season was a very successful one for the boys but the girls were not so fortunate. The boys' team placed third in the league while the girls lost eight out of ten games The Garnets won the county championship, winning all four of the games in that competition. During the basketball season, the class of '38 gave a Basketball Frolic and invited the basketball teams to The rest of the student body was admitted upon the payment of a small fee Then things all rushed forward toward the Junior-Senior Reception. The Class of '38 was the host this year and they took their responsibilities seriously. The gym was decorated to represent a Spanish garden with bowers of flowers around the walls and balloons and a flower as a favor for each guest. The cafeteria was arranged with balloons and flowers also, and entertainment was furnished while the refreshments were served. A new Tennis Club was organized The charter members were the members of the two tennis teams but others were allowed in it after being passed by the members. The high school band gave a concert with the help of the glee clubs which was very successful. In a few weeks the Chamber of Commerce met with the Rotary and Kiwanis Clubs at a banquet at which the Glee Club sang and the Orchestra played a few selections. The same evening, the Pennsylvania Military College gave a concert in the auditorium with a dance afterwards in the gym. It only remained for the Student Council party to be held before the year was officially closed. With the close of this year, I, too, close my broadcast with the hope that you have enjoyed these bits of news and that they have brought back many happy memories of your years in high school.

You have been listening to your B. H. S. news reporter, Betty Letts, bringing you highlights of the past three years of the high school career of the class of "38".

SCHOOL YEAR BEGINS WITH ACTIVITY

On September 8, 1937 the seniors returned a little sadiy to the halls of B. H. S. There were only a few changes in the well-known order of things. Mrs. Nischwitz and Mr. Hitchner had left the faculty and had been replaced by Miss Elizabeth Mayhew and Miss Doris Hann, Miss Margaret Borton went to take charge of the library in the Teachers' College at Glassboro and Miss Florence Rauch resumed her duties here. Mrs. Schneider took over the direction of the orchestra, while Mrs. Balbirnic replaced Mrs. Nischwitz as director of the Glee Club. The Athletic Association was reorganized with 358 members. A council of ten teachers and five pupils was instituted. The officers elected were: Mr. Rex Bowen, president; Mildred Mac-Pherson, secretary; and Mr. C. Preston Sellers, treasurer. New amplifiers were added to the auditorium to strengthen the accoustics. New heads of departments were appointed Mr. Gibson was made head of the Industrial Arts Department; Miss Davis, head of the Health Department as well as the girls' Phys cal Education; Mr. Renach, head of the History Department; and Mr. Mulford, head of

the Science Department. Word was received that the "Baconian" of '37 had been awarded second rating in the Columbia Scholastic Press Association.

The senior class was the smallest class in the school with only 267 members. The freshman class was the largest with 475, and the sophomores and juniors were about equal with 344 and 346 respectively.

Very soon, the football and hockey season rolled around with its thrilling and colorful events. With the games to look forward to every week, time slipped by, and only too soon came the end of the season, heralded by the Barn Dance given for the A. A. members. A large percentage of the membership appeared at the dance dressed as farmers and farmerettes. The gym was decorated with cornstalks, clotheslines, and livestock. Various novelty numbers helped make the evening a "howling" success.

And so, fall, with its color and excitement, passed, the last fall for the senior class in Bridgeton High School.

SHAKESPEARE KING HENRY IV

HERE COMES THE KICK-OFF

SALEM USHERS IN FOOTBALL SEASON

Most of the activity of the opening weeks of school seems to center around the two leading sports, football and bockey.

The football team which was composed mostly of inexperienced players had a fairly good season. The record of the games played, was four victories and five losses.

The Bridgeton squad opened the season with a 26-0 victory over Salem. Both teams were evenly matched in the first half, with neither team making much yardage. In the second half, Bridgeton made four touchdowns and one extra point.

In the next game B. H. S. was defeated by Haddonfield 25-0. Haddonfield, with excellent interference, made a touchdown in each period and one extra point.

Bridgeton played St. Mary's High School from Perth Amboy the next Friday in place of Pleasantville and scored a 14-0 victory over them. Bridgeton scored in the second and fourth quarters making both extra points.

Next, Bridgeton played Glassboro and won by a score of 13-0. Glassboro made their only score in the closing minutes of the game.

After a rest of two weeks, the home team tackled Paulsboro and won 6-0. The only touchdown was made in the last quarter.

The next Saturday Millville trounced Bridgeton. A very large crowd saw the team go down to defeat at this game.

The following Saturday the locals took the field against Vineland who had been defeated only once and tied by Collingswood Bridgeton made a good showing in this game, the score being 25-12.

The last game of the season was played against Audubon on Thanksgiving Day, before a large crowd of spectators. This team had not been defeated all season and they kept their record by winning their last game, 38-0.

The squad will lose six regular players and three substitutes at graduation. However, Coach Lowden has prepared for the and has given many of next year's juniors and seniors experience in playing.

HOCKEY TEAM SCORES NINE POINTS

When the Bridgeton hockeyists opened their season with Woodbury, the line-up was composed of four letter girls from the previous year and seven others who, with more practice, soon developed into sturdy players. The initial game with Woodbury ended in a tie as did the one with Paulsboro.

Merchantville was headed for the league championship when Bridgeton met them. It was at this game as well as their game with Audubon that the girls proved they were capable of winning a game in spite of strong opposition. The Merchantville game ended in a tie and the Audubon girls were forced to bow to a 2-0 defeat. Later in the season, Audubon was forced into a play-off game with Woodbury to determine the winner of the championship title

The greatest upset of the season was with Gloucester when an apparently weak team turned back the Bridgeton lassies by a score of 3-0. That game will remain forever in the memories of the girls

Collingswood invaded Bridgeton and, after battling in a heavy downpour, carried home the bacon as well as rain-drenched suits

In their last two games, those with Haddon Heights and Haddonfield, the Bridgeton girls triumphed.

The team scored nine points and had nine points scored against them. They won three games, tied three and lost two.

This year Bridgeton was represented again on the All-South Jersey Scholastic team with Captain Ann Pekich, a repeater, at left halfback, and Isabel Ceuleers at left inner position, on the first team. Mildred Mac-Pherson rated second team and Eva Wilson received honorable mention.

The girls receiving their letters are Captain Ann Pekich, Mildred MacPherson, Eva Wilson, Betty Wilson, Cornella Scull, Captain-elect Doris Cossaboon, Isabel Ceuleers, Juanita Banks, Esther Howell, and Betty Letts, who capably filled the position of manager.

The cooperative teamwork of the girls throughout the season reflected the fine instruction of Coach Ethlyn Davis and Assistant Coach Margaret Burnett.

CHEERLEADERS

This year the cheerleaders have been piloted by a very capable and hard working senior, John Peterson. He has had the cooperation of the entire squad, which includes Marjorie Menz, Ann Pekich. Russell Davis, Doris Cossaboon, Dora Joyce, Alfred Lupton and Isadore Sparacio.

All of these have justly earned their varsity megaphones, not only because of their hard work, but because of their faithful attendance at the games.

This year the Athletic Association provided money to buy the boys marcon cordurey trousers and the girls marcon cordurey culottes

Adviser: Mrs. Frances Stintsman.

SCHOOL BAND LENDS MARTIAL AIR TO GRID-IRON TOURNAMENTS

What is a football game without a band? The B. H. S. Band was certainly one of the bright spots of the football season with its flashy uniforms and fine playing. Not only at the games but in the assembly periods it has proved to be an asset

The band has been improved this year by

the purchase of a new baritone horn. It has also purchased new books from which it has been diligently rehearsing under the able instruction of Mr. Alfred Kuhn.

In the past two years the band has proved a success and we hope it will continue to be in the future.

PUPILS' GOVERNING BODY ORGANIZES VARIOUS WORKING COMMITTEES

The Student Council, under the supervision of Mr. Harry C. Smalley, is one of the most important organizations in the high school. The meetings are held once a week to discuss problems which aim to improve the school and its surroundings. Committees, such as the lost and found, public reception, hall, and rampus, served exceptionally well at their respective duties.

The Student Council again became a member of the New Jersey Student Council Association. Three delegates, Emeraid Dillen, Chester Peterson and Mary Jane Ottinger, were sent to the state convention at Montclair. New Jersey.

During the year the Student Council spons red several auditorium programs which were greatly appreciated by the entire student body

The members feel that they have accomplished many improvements which contribute to the welfare of the school.

PUPIL LIBRARIANS ARE ORGANIZED UNDER MISS RAUCH'S DIRECTION

Miss Florence Rauch resumed her position as librarian at B. H. S. after a leave of absence of two years. The staff was organized under her supervision. Some of the librarians serve in the art room which contains a complete art library.

The school library is conducted in the manner of a public library. Checking, shelving, mending books, filing cards, managing excuses, and keeping law and order are a few of the numerous duties.

The staff has been very active in displaying exhibits this year. National Book Week was observed by having an exhibit of books

and posters emphasizing those books that have recently been filmed, accompanied by a lecture by Miss Helen Wilcox. Within the past year, there have been exhibits concerning hobbies, Junior Literary Guild Books, on the development of cultivated pearls, and on ideas for college-minded pupils.

The library and staff are essential parts of the high school activities.

STUDENTS OF ART SERVICE STAFF SERVE VARIOUS ORGANIZATIONS

The staff was organized last year by Mrs Marjory Rensch to advance art and to serve the many departments of Bridgeton High. This year it is a well organized club taking an important part in the school activities.

The staff consists of eighteen pupils who have had at least one year of art training in high school. These members have shown much interest and willingness and during the year have spent approximately 1,440 extra periods, not including their scheduled two periods a week, in the art room.

Many school organizations have asked for the aid of the Art Service Staff and have been well pleased with the work done. Even individuals and groups outside of the school have sent in projects

Several large historical panels have been painted for the history department of our school.

ART REPRESENTATIVES

This year a new club was formed in the Art Department. It consists of a small group of students elected by the art classes and known as the Art Representatives.

This group has made its presence felt in our school in many ways. Some of its achievements are the securing of lovely original paintings each month from a Philadelphia art gallery for our auditorium, the framing of eleven color reproductions of the masterpieces, and the purchase of a fine original oil painting entitled "The Grazing Flock" painted by the American artist, R. Le-Grande Johnston.

CHAMBER OF COMMERCE STRIVES TO RAISE STANDARD OF PUPILS

Bigger and better things have been accomplished through the different activities of the Chamber of Commerce

The officers elected this year were as follows

President Ethel May Davis

Vice President Helen Engl

Treasurer Mary Briggs

Secretary Virginia Motta

The executive committee consisted of Mary Jane Fletcher, Hilda Bacon, Mildred Bacon and Florence Jenkins

The Chamber of Commerce has helped to raise the interest of the commercial students by its contests in typing, shorthand, exhibits and plays, bringing out the proper carrying on of office procedure. Along with the busin se

activities many informal entertainments were enjoyed

To give the members of this club the opportunity to become acquainted with commercial industries, the Owens-Illinois Plant, the Court House, the Bell Telephone Company, and Abbott's Dairy were visited

The banquet with the Kiwanis and Rotary Club, made possible by the Chamber of Commerce, was the most enjoyable event of year

The members and advisers of this organization have shown great spirit and wonderful cooperation toward making it one of the lirrest clubs of Bridgeton High School

The faculty advisers for the year, in addition to Mr. Letts, were Mrs. Husted, Miss Lupton, and Miss Whittaker

THE PASSING PARADE

BASKETBALL AND SOCIAL EVENTS MAKE ACTIVE WINTER SEASON

The basketball games officially ushered in the winter secson with its varied activities. As this sport becomes none popular, the attendance steadily increases.

December brought the long-awaited Christ, as vacation with its asual merriment. All the homerooms had parties and exchanged gits the day before which helped to get everyone into the holical spiral. Then, too, the annual Christmas program was presented, hancy a pay, "The Mistletoe", which was enthusias acally received by the scident be! They were assisted by the Glec Chib, which sang a group of carois. Daring the actual vacation, many parties were held outside of school. The class of 1937 had a reunion on December 27, at the Camberland Hotel, which proved to be an overwhelming saccess. The senior class give a party for the classes of '35, '36, '37, '38, and '39 during the holidays. This was the first time that the alumni had been myited to aftend a dance at school, and it was a very successful venture.

After this all too brief respite from school work, there would over us the terrible prospect of mid-years. This always seems an extra barden after the carefree vacation. However, even these bag its on our school existence were worried through and life took on its former rosy hue.

Then the yearbook campaign started in earnest. There were 900 subscribers, indicating a steadily increasing interest. The circulation manager and his helpers worked very hard on the airangements. To promote the campaign, the various members of the staff spoke in the Junior High auditorium, while Mr. Wilham Gallier spoke to the two senior assemblies.

The art department framed the eleven prints which had been pure viously purchased. These were hung in the various rooms of the scroom

Then the cast of "The Charm Schoo," the Dramatics Cl o's annual production, started rehearing. Mass Helen Wilcox took charge of the Dramatics Club this year, replacing Mr. Hitchner. The scanor class was well represented in this play as a glance at the cast will show.

BASKETEERS PLACE THIRD IN LEAGUE

Bridgeton High's team, in its second year of coaching under Mr. Maloney, had a very successful season, winning ten league games and losing four. It ended in third place in the Camden Suburban League. In non-league competition, the boys had a record of one win and four losses, making a total of eleven victories and seven losses. This was very creditable considering the fact that Bridgeton had a small team.

In a post season game against Trenton, whom B. H. S. had drawn for the State

Tourney, Bridgeton was defeated 29-23. This game was quite outstanding as Trenton's team was considered much stronger than Bridgeton.

The players showed a fine sportsmanlike spirit in all the games and they played hard and fast throughout the season. Much credit is due Mr. Maloney.

The J. V.'s did not make out as well as the varsity but they played much more experienced teams than usual

Games and Scores Were as Follows:

GIRLS' BASKETBALL

Led by Eva and Betty Wilson, co-captains, the Bridgeton High girls' basketball team completed the season with two wins one tie and seven losses in the South Jersey League

Although the season was not a successful one, the girls have to their credit, besides the league victories, a tie with their alumnae and a defeat handed Sacred Heart High School of Vineland

With three letter girls returning, Jean Gates, Isabelle Ceuleers, captain-elect; and Mildred DeMaris, and a promising second team, Bridgeton has prospects for a very good season next year

The girls receiving their letters this year are Eva and Betty Wilson, Ann Pekich I belle Ceuleers, Mildred DeMaris, and Jean

Gates. Betty Eft also receives a letter for capably filling the position of manager. Much credit is due the coaches, Mrs. Margaret Burnett and Miss Ethlyn Davis for their excellent cooperation.

BRIDGETON HI BANKERS MAKE GAIN IN TOTAL AMOUNT OF SAVINGS

The Bank Club is now in its fourth successful year of managing at school savings. With the kind cooperation of the Cumberland National Bank, the club has been

able to surpass last year's total savings by a one-third increase

One activity of the members is to serve as receiving tellers in the various schools of Bridgeton.

CLUB FEATURES SCIENTIFIC STUDY READING "LIFE OF MARIE CURIE"

The Science Reading Club is an organization of about seventy members, mainly junious who are taking applied chemistry. They are ceive extra credit in chemistry for the activity. There are two sections meeting chara-Monday and Thursday, activity periods

This is a unique club because it has no officers and no dues. The activity is as the

name implies—reading subject matter that pertains to some field of science. The reading has been in the fields of physics and chemistry. The most ambitious attempt has been the biography of Marie Curie, written by her daughter, Eve Curie.

The club was organized and advised by Miss Vera Joslin.

WATCH THE GRADS GO BY

BUSY TIMES MARK LAST MONTHS OF SENIORS' STAY AT B. H. S.

With the coming of spring, the first major event was the Color Dance given by the band on March 11. The students were all the colors of the rainbow and the gym was a riot of color.

The long awaited senior play, "Daddy Long Legs," on March 25 was a huge success. The proceeds went for the benefit of the Baconian. The leads were played by Betty Letts and Russell Davis.

Events followed in rapid succession, everything leading toward the grand finale, commencement.

Class Day intervened and the seniors gave up their seats to the juniors and left them to carry on the traditions.

The con-mencement theme this year is to be on physical education. There is a possibility of 279 pupils graduating in June. Some will possibly fail but regardless, this class will be the largest on record to graduate.

TENNIS TEAMS RANK HIGH IN LEAGUES

BOYS' TENNIS

With two lettermen, Ross Leib and Kirby Lawson, to form the backbone of his team this year, Coach Ad Behling expects it to be better than in previous years. It is expected to take the Inter-scholastic Tennis League Championship of South Jersey this year. Last year Bridgeton placed third in the league

The team will miss such outstanding players as Leon April, Jack Newton, Taylor Bell, Bernie Brachman, Jake Eisenson, and Bob Weber who graduated, but this year it will have Ross Leib, Douglas Bonham, John Wurts, Marvin Byer, Harley Bell, John Wilkinson, Allister MacKenzie, Charles Woolman.

Janvier Connor, Gerald Dolloff, Vernon Sewell and Kirby Lawson to depend upon.

This sport was first started in 1932 and has progressed very rapidly. The credit for this development is due largely to the willing assistance and fine cooperation of Coach Ad Behling.

The schedule for this season will probably include Camden, Glassboro, Moorestown, Woodrow Wilson High, Audubon, Collingswood, Haddonfield, and Pitman. The Trenton team, which has won the title for the last few years, has dropped from schedule and Coach Behling expects his team to take first place.

GIRLS' TENNIS

The Bridgeton High girls' tennis team ended last season in second place in the West Jersey Girls' High School Tennis League. Captain Mary Robbins, who played No. 1 singles, was undefeated during her four years in school. She was awarded a gold tennis racket by the league. Betty Wilson, who played No. 1 doubles, was also undefeated last season.

Girls who received their letters were: Mary Robbins, captain; Eva Strang, Ruth Tatman, Dorls Hitchner, manager, who graduated last June, and also Eva Wilson, Betty Wilson, Cornella Scull, Mildred MacPherson and Isabelle Ceuleers.

This year Bridgeton will compete with Collingswood, Haddonfield, Palmyra, Woodbury and Vineland High Schools. They will be led by Captain Betty Wilson. Betty Ruff will be their markager.

The season will open with players in the following standing:

Eva Wilson	Ruth	Sheeler
Isabelle Ceuleers	Ruth	Maier
Cornella Scull	Jane	Connelly
Betty Wilson	Dora	Joyce
Mildred MacPherson	Bebe	Smashey

'37 Tennis Scores:

Collingswood	Opponents	B. H. S.
Haddonfield	4	3
Palmyra	0	6
Woodbury	4	3
Vineland	1	6

In the above games Bridgeton won twenty-three matches and lost eleven.

TRACK AND BASEBALL ENLIVEN SEASON

The 1937 season of track did not produce a winning team, but much of the coaching was given for the purpose of producing a team for the future. The one outstanding man on the team was Woodrow Romanick who threw the javelin. He set a new record at Collingswood where the South Jersey Meet was held and he was also invited to a college meet. Others who were outstanding and attended the meets are Hobart Hines, William Spencer, Robert Batten, Joseph Gandy Warren Blackman, Herman Wesley, Anthony Showell, Carlton White, Robert Valentine, Robert Wheaton, Everett Carll, Fred Jones Harold Cuff, Harold Goldstein, and Howard Horner, Bridgeton also had a freshman team which participated in some of the meets.

This year only one letter man returns However, Coaches Gray and Lowden are again working on freshmen and sophomores to prepare them for the future.

Much credit should be given the coaches who prepared the team for its meets and various events.

BASEBALL

With only four lettermen returnin, practically a new team had to be or inized with these men forming the backbone

Although there were few lettermen on the team, they had a good season because of a promising pitcher. Pitching has alway been the weakness of Bridgeton's teams. This handicap was overcome and with support from the other eight fellows, a winning team was produced. It consisted of many sophomores who were fortunate enough to make it

Last year's group had such outstanding players as: Dom Gubbine, Joe Giammona, Pete Karol, Bob Wheaton, Rod Uhland, Lew Brown, Harker Bitters, Chick Zimmerman John Vermullen, Woodrow Romanick, Matt Haggerty, George Huster, Frank Gibe, Earl Mints, Bob Steele, and George Ceuleers. Nine of these fellows graduated last June.

AG. CLUB GETS PRACTICAL KNOWLEDGE

The Future Farmers of America is a national organization of boys studying vocational agriculture. At the present time there are over thirty-five hundred local chapters with a membership of over one hundred thousand

The purpose of this club is to develop agricultural leadership, encourage cooperative effort, improve scholarship, and promote organized recreational activities among students of vocational agriculture

FRENCH CLUBS ACTIVE IN MEETINGS

The members of the French Clubs enjoy their monthly meetings very much. French games are played, songs are sung, and plays are given, all carefully prepared by our adviser. Miss Jean Masland.

The big event of the year is a spring party given at the home of one of the members. The Vineland French Club joins with the Bridgeton French Clubs in this annual affair, the former being hosts and hostesses one year, and guests of the latter the next

Under the efficient supervision of Miss Jean Masland the clubs have always proved a success

LATIN CLUB FOSTERS KNOWLEDGE OF ANCIENT ROMAN CUSTOMS

The purpose of the Latin Club is to give the students more knowledge of the different phases of Roman life than it is possible to bring out in the regular classes. Only those

students who are interested in this further study are members of the club. Meetings are held twice a month and each class is responsible for one program centering about an important Roman character or social custom.

ORCHESTRA PERFORMS FOR ASSEMBLY

The Bridgeton High School orchestra, composed of twenty-four pupils, is divided according to schedule into classes which meet four days a week and one activity period. Each pupil must attend two classes and activity periods. The orchestra played several numbers in the auditorium for Washington's birthday. An ensemble, composed of four pupils, playee light numbers between the acts of the senior play.

The orchestra is under the direction of Mrs. Kate Ashman Schneider.

IN MEMORIAM

Gertrude Dovman Carl Elwell

Our young and gentle friends, whose smiles Made brighter summer hours, Amid the frosts of autumn time

Have left us with the flowers. The lights of their young lives went down

As sinks behind the hill, The glory of a setting star-Clear, suddenly, and still.

There seems a shadow on the day Their smiles no longer cheer;

A dimness on the stars of night, Like eyes that look through tears.

John Greenleaf Whittier.

The following poem was written for the parents of the editor and reprinted for the Yearbook through the courtesy of Mr. Guest. It has not been broadcast or published in any form before this time.

GOOD-BYE! WE'VE HAD A GLORIOUS TIME

To Host and Hostess at the door,

Handshaking as we go,

'Tis courtesy to say once more

What they must surely know—

Good-bye. It was so good of you,

Your party was sublime

We've both enjoyed the evening through,

We've had a glorious time.

We stand a moment in the hall,

Before we take the road,

To thank our gracious friends for all

The pleasure they've bestowed.

Then as we turn to go away

We hear the stair clock chime

Good-bye. Good-bye—again we say—

We've had a glorious time,

So from the host that's known as life,
When I at last depart,
Forgetting all the care and strife
And all the ache and smart,
May I in that last hour ere I
Set out for realms sublime
Shake hands with Life and say Good-bye
I've had a glorious time.

EDGAR A GUEST

by Edgar A. Guest Reprinted by permission—Copyright, 1937.

OUR JOKESTERS ARE ON THE AIR

Good evening, folks, this is Thelma Middleton announcing from the Halls of Knowledge through the courtesy of Station B. H. S., sponsored by the Manufacturers of Intelligent Students of Bridgeton High School.

Ladies and gentlemen, this year one of the best crops of students is being offered to the public at a very nominal price. These students are thoroughly schooled in each branch of work for which they have been prepared. Of course, we mean the Class of 1938.

I'll now turn the program over to Johnny Wilkinson, the Globe Trotter, who'll give you the whereabouts and whatabouts from the Halls of Knowledge.

"Helio everybody, this is your Globe Trotter bringing you the news of the day:-

FLASH -After the Audubon football game, which was a muddy one, the team took showers with their suits on!

Next we have a recording entitled "You're a Sweetheart", requested by Miss Temperton. This hit will be played by Bob Stanger and his B. H. S. band.

FLASH The history class which Miss Alexander tried to conduct one day was very much upset when she asked what came from Brazil, and Doris Mickel very intelligently replied, "Nuts."

Miss Alexander then changed the subject to the boundaries of the United States. She asked Maurice Husted what the boundary of the Eastern Coast was and he replied, "Northern, Southern, and Middle."

Another request has just come in from Mr. Smalley for a "True Confession". May I interrupt this number to announce the loss of a fountain pen by a student half full.

FLASH—Pauline Vogeding was coming to school the other day when she saw Vic Lavine go by in his Chevrolet sedan. Her sister Florence said, "I thought he had a coach." Pauline replied, "He did when he was a baby."

Mr. Smalley has asked me to advertise our large cafeteria which is open every day except Saturday and Sunday from 11 a. m. to 1.15 p. m. Our special menu offers one cup of hot chocolate and a roll down stairs for 5c.

FLASH—Miss Alexander told the class about John Q. Adam's drary that he kept of his life. Donald Miller raised his hand and asked, "Was it a five year diary?"

One of the faculty, Miss Robbins, was teaching her bookkeeping class and when she had finished telling them the lesson, she said, "Do you all get that, or do you see?"

There has been brought to my attention some "Tongue Twisters" heard in the class rooms of B. H. S.

Mrs, Meyers one day in her English class was discussing some grammar with the pupils. Upon finishing she remarked, "Well, I guess you'll have to bear and grin it."

Another victim of this malady was Russell Davis. While rehearing for a play his lines were: "If I had to address fifteen giggling girls, I would be embarrassed." Instead he said, "If I had to dress fifteen giggling girls I would be embarrassed."

John Wurts while announcing a program commemorating Lincoln's buthday, repeated this odd slip of the tongue: "Mary Francis Husted will now give us Washington's Gettysburg Address."

We will conclude this program of fun and entertainment by playing for you a recording requested by C. Preston Sellers, "I'll Never Let You Go."

This is Thelma Middleton.

This is Johnny Wilkinson, bidding you "Good evening" from Station B. H. S.

Written by Cornella Scull, Eva Wilson, and Betty Wilson. The tune is "The Organ Grinders' Swing".

38 SWING

Who is here to graduate?
Good ol' class of '38.
Here comes Ginny and her mates
Truckin' right on through the gates.

Chorus

La de a, been a mess these last four years, La de a, Aunt Ginny won't shed no tears. La de a, been a mess these last four years, La de a, Aunt Ginny won't shed no tears.

II

Our adviser we'll confess
Thinks that our class is a mess.
Though we turned out to be flops
We think all our teachers are tops.

Chorus

III

When we're signed up to our frats, Poor Aunt Ginny will miss her brats. There'll be more to come along So we'll have to end this song.

Three little girls so young and sweet As sophomores are pictured here. We'd like to know what they really think Of being seniors this year.

Would you recognize this young lass Shown here as a freshie? She's a member of the senior class And goes by the name of Ruthie.

It kinda' looks like this girl's limber With those legs wrapped 'round her neck. It would make a better picture, though, If the legs were her own, by heck.

As sophomores these girls seem quite Scotch, All six are in one picture. Blondes, brunettes, short, and tall Do make quite a mixture.

Three boys and a girl Mischievous and gay. Do you recognize them As seniors today?

Upside down cakes are quite the thing In this new and modern world. So this senior got in the "swing" And stood on her hands in the road.

Look at these boys laughing so loud Enjoying themselves no end. They don't seem to think six's a crowd With all that gang around.

Three young misses all in a row Having a wonderful time. We wonder if they know They have two visitors behind?

MRS. LEONA MEYERS

THANK YOU, MRS. MEYERS!

The members of the Baconian staff wish to express their sincere appreciation for the guidance of Mrs. Leona Meyers during the assembling of the yearbook.

As adviser to the staff, Mrs. Meyers has devoted much time and thought to the yearbook. Her untiring efforts and timely suggestions have made it a success. The staff has found it a pleasure to work throughout the year with such enthusiastic leadership.

ACKNOWLEDGMENTS

We wish to commend Miss Virginia M. Trewin for the efficient manner in which she has handled the business end of our yearbook. It is in such named that Miss Trewin has conducted all of our class activities.

We wish to express our appreciation to Mrs. Marjory Rensch for her interest and expert advice which greatly aided the creation of the art work.

We was to thank Mr. Smalley for his splendid cooperative spirit.

We are grateful to Miss Beckett, Mrs. McCormick, and Miss Bell for their invaluable assistance to members of the staff.

To Mr William Gellner we extend our appreciation for his splendid talks during the circulation campaign.

The club and activity advisers and all faculty members have always been ready and willing to assist us.

We wish to thank Miss Bowden for her assistance in securing one of our articles and Mr. Letts for meeting with the solicitors.

We also appreciate the work done by Miss Wilcox on the senior class play, the benefits of which were for the yearbook.

We sincerely thank Mary Ritchie, who, with certain members of the staff, worked as subscription representative.

We wish to thank all the seniors who solicited nancs for "Friends of the Class."

And to Our Advertisers and Subscribers:

We extend our heartiest appreciation for their excellent patronage and cooperation.

And to all others who assisted in any way toward the completion of the book, we extend our sincere appreciation.

This Bank

-stands at the heart of the business life of this community.

EVERY industrial and commercial activity, every public or private financial transaction occurring in this community creates impulses that pass in one form or another through a bank.

They give rise to deposits of money, cashing of checks, bills of exchange to finance trade, distribution of pay rolls, payment of bills, remittances of funds, accumulation of savings, borrowing of money. These are indispensable activities by which peo-

ple carry forward their financial affairs.

Banks everywhere facilitate and weave into a properly related whole thousands of these separate transactions occurring daily throughout the country. Modern economic society and progress would be impossible without these banking functions.

In a sense that is true of no other form of enterprise, each bank belongs to—and is an essential part of—the whole business life of its community.
